

Conflict Mineral Statement

Ref: Inquiries on - Conflict
Metals or Dodd-Frank
Wall Street Reform and
Consumer Protection
Act in 2010: Section 1502
- Conflict Minerals.

As a downstream supplier of Metal Products Stratford Tools undertakes due diligence to determine if 'conflict minerals' are used in the Materials we purchase.

Conflict minerals are described as Gold (Au), Tantalum (Ta), Tungsten (W) and Tin (Sn) that are sourced from the Democratic Republic of Congo or adjoining countries from mines controlled by non-governmental military groups.

We have reviewed our existing supply base, and can confirm that there is no indication that any products manufactured by Stratford Tools contain conflict minerals.

As part of the approval of new suppliers, we will request confirmation that materials we will purchase do not contain conflict minerals and a self-declaration is also required that the full supply chain process of the suppliers has been assessed to confirm this.

If you have any further questions, please do not hesitate to contact us.
